### I. ELIMINATION ROUNDS

1. **ALL public and private schools** must register online via the online MMC Form No. 1: <http://metrobankmathchallenge.com> on or before **October 15, 2019**. Only schools located in far flung and hard-to-reach areas from pre-identified Division Offices have the option to manually submit a hard copy MMC Form No. 1 to their respective Division Math Supervisors on or before **September 16, 2019**. Other schools that have internet access from the select divisions should still register online. For the complete schools registration guidelines and instructions, please refer to **MMC Document No. 4**.
2. The contestants from each participating school shall take the elimination round in a testing center designated by the Division. The elimination round is a written test.
3. Contestants in a testing room must be of the same grade level. Students from the same school must not sit beside each other nor one behind the other.
4. Contestants are NOT allowed to bring cellphone, ipad, ipod, camera, calculator, laptop computer, and other gadgets inside the testing room.
5. The proctor shall distribute first the scratch papers where the contestants shall solve the problems. Contestants should write their names in all the scratch papers.
6. Before distributing the test papers, the proctor should tell the contestants that they should write **only** their name and school on the test paper. No one should begin answering the questions unless the proctor gives the signal to do so.
7. The proctor tells the contestants that **only the final answers** must be written on the test paper. All solutions shall be placed on the scratch papers which should also be turned over to the proctors together with the test paper.
8. The proctor informs the contestants of the time limit for the test. He gives the signal for the contestants to begin. Then, he writes on the board "Time Started: \_\_\_\_" and "Time Ends: \_\_\_\_"  
Duration of the test:

Grade Level	Time Allotment
Grades 1 and 2	60 minutes
Grades 3 and 4	80 minutes
Grades 5 and 6	100 minutes
Grade 7 to 10	2 hours

9. Proctor gives 15 minutes and 5 minutes warning before the time is up. All test and scratch papers should be collected when the time is up.

10. The proctor shall give all papers (answered test papers, scratch papers, extra copies of questions) to the person in-charge of assigning the checkers.
11. If any student submits the paper before the time, the proctor shall accept it and ask the student to leave the classroom. The proctor shall collect ALL papers when the time is up and will not allow any extension.
12. The papers shall be corrected using the answer keys provided. Answer keys shall only be opened just before correction begins. Each correct answer merits one point.
13. The top 1 students from Grades 6 and 10 shall represent the Division to the Regional Finals Individual Category. In case there is a tie for Top 1, both will qualify. No tie breaker is required.
14. The Division Math Supervisor shall ensure that all test papers and answer keys are to be collected. Distribution or reproduction of test materials (used or unused test papers and answer key) outside the actual competition proper, online or offline, is strictly prohibited. Returning of test paper to the contestants or coaches for whatever purpose is not allowed. Similar policy will apply for the Division Finals.
15. The top 6 to 20 highest scoring schools qualify to participate in the **Division Team Finals** competition. Please refer to the **MMC Document No. 2 (Operating Guidelines)** Item no. 21 for the number of teams qualified to join the Division Finals.
16. The scores of the top two contestants of a school by grade/year level shall be added to form the school's score. Suppose the scores of the (3) contestants of **School A** in **Grade 1** are as follows:

Efren: 32

Rosa: 35    Jose: 38

- The score of **School A** will be  $35 + 38 = 73$ . The **Grade 1** team from **School A** will be composed of **Jose** and **Rosa**.
- Assuming **School A** qualifies to compete in the **Division Team Finals**, **Efren** will be the alternate if either **Rosa** or **Jose** is not available on the date of the competition.
- If in case both **Jose** and **Rosa** are not available to compete due to unforeseen circumstances, **Efren** will not be allowed to compete alone. Thus, their team will automatically be disqualified. **SUBSTITUTION IS NOT ALLOWED.**
