GUIDELINES ON THE UTILIZATION OF PROGRAM SUPPORT FUND (PSF) FOR THE PROCUREMENT OF SPORTS SUPPLIES, MATERIALS, AND EQUIPMENT FOR SCHOOL SPORTS CLUB UNDER SSEEDP

I. RATIONALE

The School Sports Supplies Materials and Equipment Enhancement Distribution Program (SSEEDP) of the Bureau of Learners Support Services - School Sports Division (BLSS-SSD) for the procurement of Sports Supplies and Equipment for the implementation of the School Sports Club.

In support of the Quality Basic Education Development Plan (QBEDP) 2025-2035 and the Department's 5-Point Reform Agenda, DepEd recognizes the integral role of physical activity and school sports in promoting holistic learner development and advancing quality basic education. School sports programs serve as strategic platforms for developing not only learners' physical fitness, but also their socio-emotional competencies, resilience, teamwork, discipline, leadership, and positive values formation. Through structured physical activities, organized sports engagement, and systematic talent development implemented as co-curricular and extracurricular programs, the Department ensures that learners are provided with meaningful opportunities to cultivate healthy lifestyles, strengthen mental well-being, and enhance their overall readiness for lifelong learning. These initiatives contribute to creating safe, inclusive, and learner-centered school environments that support the attainment of national education goals and the long-term vision of delivering equitable, accessible, and quality basic education for all.

Since the school administration is responsible for ensuring the availability of sports supplies, materials, and equipment, the SSEED program aims to support this mandate by providing every public-school learner with access to standard sports supplies, materials, and equipment, primarily for their school sports clubs' activities and other related physical activities.

The designation of a School Sports Club (SSC) Coordinator and Facilitator, aligned with DO 22, s. 2025, ensures an organized, safe, and sustainable implementation of school sports programs. Qualified personnel with sports experience, management, and safety competencies enable proper planning, supervision, and responsiveness to learners' needs.
